Getting started with your new ParTNers for Health FSA

ParTNers for Health has an all-new FSA enrollment and election tool. It’s a faster and easier way to manage your FSA, but to use it you’ll need to create a new FSA Enrollment and Election Tool account. This guide will show you how.

To get started, go to optumbank.com/tennessee

Your first steps

1. At the top of the page, click Higher Education employees: Click here to enroll in your Flexible Benefits. This will take you to the FSA Enrollment and Election Tool sign in page.

2. From the FSA Enrollment and Election tool sign in page, click create account. You’ll be taken to the Identity Verification page.

3. Enter your nine-digit Social Security Number, followed by your date of birth in MM/DD/YYYY format. You will not have an invitation code.

4. Click submit; you’ll be taken to the next page
Creating your new user name and password

1. Choose a user name and enter it in the field marked **UserName**. It should be at least eight characters long and contain both letters and numbers — e.g. a to Z and 0 to 9 — but only letters and numbers.

2. Next, choose a password. It should be at least eight characters long and contain at least three of the following character types: uppercase (A to Z), lowercase (a to z), numeric (0 to 9), symbols (!@#, etc.).

3. Enter your new password in the **Password** field, then enter it again in the **Confirm Password** field

Note: this user name and password is only for the FSA enrollment and election tool

Choosing your security questions

1. In the frame marked **Security Challenge Question #1**, in the field marked **Question**, enter a question that only you would know the answer to. For example: your first pet’s name. The street you grew up on. Your second-favorite U.S. state. (Your favorite is Tennessee, obviously.)

2. Enter the answer to your challenge question in the **Answer** field, below

3. Follow the same process for **Security Challenge Question #2**

4. If you’d like, you can add more challenge questions by clicking **Add another security question**

5. Click **Create Account** and you’ll be taken back to the sign-in page

6. Enter your new user name and password in the appropriate fields, then click **Sign In**; you’ll be taken to the enrollment start page

Starting the enrollment process

1. You’ll first see a welcome message from Optum. Be sure to read all the way to the end, where you’ll find links to an FSA user guide, plus information on limited purpose and dependent care FSAs.

2. Once you’re ready, click **Continue**

Note: after five minutes of inactivity, this page will time out and you’ll be prompted to log in again

Reviewing personal information

1. Your full name and date of birth should appear automatically. If there are any errors, please contact your agency benefit coordinator.

2. Once you’re ready, click **Continue**
Making your enrollment choices

1. All your available FSA options are listed here. Click **Review** to learn more about each plan and how it works.

2. If you’d like to enroll, click **Enroll**. You’ll be asked a series of questions particular to each plan, followed by accepting that plan’s terms and conditions. Please read all the way to the end and click **Accept**, then **Submit**.

3. If you don’t want to enroll in a specific plan, click **I am not interested**; a dialog box will appear asking you to confirm your decision. If you click **Confirm**, you’ll be taken back to the page in step 1, but you will have the option of revisiting your choice.

4. When you’ve made your enrollment decisions, click **Continue** and you’ll be taken to a confirmation page.

Confirming your enrollment choices

1. Here, you’ll review the benefits you’ve enrolled in and those you’ve declined. Please read this carefully.

2. If you’re satisfied with your enrollment decisions, click **Accept and Sign**

3. If you would like to review and/or change your enrollment decisions, click **Return to benefits list**
